

# OUR SERVICE

From flexible packaging films to customized pouches and laminated rolls, we offer end-to-end solutions that meet the diverse needs of FMCG, food, pharmaceutical, and industrial sectors. Along with high-quality packaging production, we also provide expert project consulting and manufacture refurbished as well as new conversion machines.

## VISHWAKARMA MACHINE TOOLS

Vishwakarma Machine Tools is a trusted name in printing and packaging solutions since 1990. With over four decades of expertise, we specialize in delivering innovative, high-quality, and cost-effective packaging that enhances your product's market presence.

### Packaging Solutions

From flexible packaging films to customized pouches and laminated rolls, we offer end-to-end packaging solutions that cater to the diverse needs of FMCG, food, pharmaceutical, and industrial sectors.

### Project Consultancy

We provide expert consultancy for flexible packaging projects and manufacture both new and refurbished conversion machines.
